Balancing Market – Party Registration Guide

This form outlines the application requirements for registering a Party in the Balancing Market.

DO NOT send back this document with your application. It is provided only as a reference for completion of the appropriate documentation.

1. Introduction

For a company to be registered and participate in the I-SEM Balancing Market it must accede to the Trading and Settlement Code as a Party.

In order to complete Party registration, a Party application form and supporting documentation must be submitted and accepted by SEMO.

This document “B00 Balancing Market - Party Registration Guide” provides details of what is needed to complete your application to become a Party to the Trading and Settlement Code.

The general process is:

1. Obtain the relevant application forms from the SEMO website or by contacting the SEMO helpdesk.
2. Prepare the relevant application forms and supporting information with assistance from the SEMO helpdesk.
3. Submit the Party application forms and supporting information.
4. SEMO will acknowledge receipt of the application and once SEMO confirm that the application is complete and valid, will initiate the accession deed signing process.
5. SEMO will issue a draft accession deed for signing by the applicant.
6. Once the signed accession deed is returned to SEMO and confirmed as valid, the applicant will be a Party to the Trading and Settlement Code.

Note: A Party shall only be permitted to participate in the I-SEM through registering Units. Registration of Units cannot take effect until the applicant has become a Party to the Trading and Settlement Code. However, the application to register Units can run concurrently with the Party application.

Further details on the Balancing Market Registration process can be found in Agreed Procedure 1 - Registration available from the SEMO website.

4. Application Form Explanation

Further information is provided in this section about each application document and its relevance to the Party Application Process.

4 (a) B01 Balancing Market - Party Application

The Party Application form is required for Party registration. It provides information on the applicant and the company looking to register.

This form also includes a confirmation section to ensure the application has been approved by a lawfully appointed director of the company registering the Unit(s).

The application form is **mandatory** for all Party registrations.

A **signed, scanned copy** of the form must be **emailed** to SEMO.

4 (b) B02 Balancing Market – Party Administrative User (PAU) Authorisation

At least one Party Administrative User (PAU) must be appointed and registered on behalf of each Party. The purpose of the PAU is to create users to maintain their access rights and user information relating to the Party in the Balancing Market Interface and the Capacity Auction System. This includes, for example, nominating and managing the access rights of certain users as “Authorised Persons”, who will be responsible for communicating (on behalf of the Party) to SEMO the information in the applicable “Authorised Category” as set out in Agreed Procedure 11.

Where a Party wishes to add users or amend existing users in the Balancing Market Interface or the Capacity Auction System the PAU (and only the PAU) will have system access to make these changes.

The PAU Authorisation form confirms the users which have authorisation to act as PAUs in the Balancing Market Interface and Capacity Auction System and who have authority to create other users within their Party.

Due to the importance of the PAU role and the administrative tasks the role can perform, the appointment of a user as a PAU requires the approval of a lawfully appointed director of the Party.

SEMO would also recommend that at least two PAUs are authorised to avoid issues where a PAU is unavailable.

This form is **optional** at the time of submitting the B01 Balancing Market - Party Application, but **must be completed at the latest at the time of signing the Party Accession Deed, unless completed under the C01 Capacity Market - Party Application.**

A **signed, scanned copy** of the form must be **emailed** to SEMO.
